DATE: TUESDAY, JANUARY 19, 1988

TIME: 8:00 P.M.

PLACE: EASTMAN KODAK COMPANY
32500 TELEGRAPH ROAD
BIRMINGHAM, MICHIGAN 48011

SPEAKER: GERALD LILLY
EASTMAN KODAK COMPANY

SUBJECT: KODAK EKTAPRO 1000 MOTION ANALYZER

THE EKTAPRO 1000 MOTION ANALYZER IS THE HIGH-SPEED ELECTRONIC IMAGING SYSTEM THAT GIVES ENGINEERS A NEW PERSPECTIVE FOR SOLVING HIGH-SPEED MOTION PROBLEMS OVER A WIDE RANGE OF APPLICATIONS. IT'S THE PORTABLE, EASY-TO-USE, VIDEO SYSTEM THAT RECORDS 1000 FULL-FRAME IMAGES OR UP TO 6000 PICTURES PER SECOND. PLAYS THE IMAGES BACK, INSTANTLY. FORWARD OR REVERSE, IN STOP ACTION, OR AT SEVERAL SLOW-MOTION SPEEDS, FRAME-BY-FRAME. AND ADVANCED LIGHTING TECHNIQUES PERMIT EXPOSURE AS FAST AS 25 BILLIONTHS OF A SECOND.

NOW, INSTEAD OF TRYING TO SORT OUT HIGH-SPEED MOTION VARIABLES BY TRIAL AND ERROR, ENGINEERS HAVE THE ABILITY TO IMMEDIATELY PLAY AND REPLAY MOVEMENTS IN SLOW MOTION. ANALYZE WHAT ACTUALLY OCCURRED, AND SOLVE OR PREVENT PROBLEMS, FASTER THAN EVER BEFORE. THE ABILITY TO INTERFACE WITH PERSONAL COMPUTERS ADDS A NEW DIMENSION TO MEASUREMENTS LIKE DISPLACEMENT, VELOCITY AND ACCELERATION.

PRECEDING THE MEETING THERE WILL BE A MANAGERS DINNER AT: BENNIGAN'S, 28555 NORTHWESTERN HWY., SOUTHFIELD--WEST OF TELEGRAPH----6:00P.M.

DATE: Thursday, February 4, 1988. Browne Associates Inc.

TIME: 6:55 P.M. Sharp - (Teleconference starts 7:00 PM.)

PLACE: WXYZ T.V.
2077 W. 10 Mile Rd.
Southfield, Mich.

SUBJECT: "Technology in Transition"
Teleconference.

The New England Section of the SMPTE has planned a Teleconference recapping the 22nd SMPTE Television Conference held in Nashville, TN on January 29 & 30.

Specifically, the Teleconference will address the four areas at the heart of the Television Conference: Formats, Distribution & Processing, Planning & Maintaining Systems, and Post-Production. This event should help you deal with the bewildering array of evolutionary equipment and proliferating "standards" accompanying this rapid technological growth.

The Teleconference, titled "Technology in Transition" will take the form of a point-counterpoint discussion, followed by a call in question and answer period.

Mr. Fred Remley, the Moderator, is a SMPTE Governor, a fellow of the SMPTE and is Director Of Media at the U. of M.

Mr. Larry Thorpe, the "Point", is a fellow of the SMPTE and is Director of Studio Products for Sony Broadcast.

Mr. Robert Paulson, the "Counterpoint" is a former SMPTE Section Chairman and is a Senior Engineering Consultant at Artel Communications.

This Teleconference will originate from the studios of the Christian Science Broadcast Center in Boston MA.

Refreshments provided by courtesy of WXYZ. T.V.

Preceding the meeting there will be a managers dinner at: Steak and Ale, 24666 Northwestern Highway.

Guests and Non-Members Welcome
